## Hot New Wonder

Continuing to create healthier hair with heat, ThermoFUSE now welcomes a new addition to its wide range of products containing HeatSmart Complex: HeatSmart Serum, a dry oil treatment that can prep hair making styling go smoother, act as a standalone styling product, or finish off any 'do with an unrivaled satin finish (and sexy vanilla musk fragrance to boot!). Its blend of argan, acai and flaxseed certified organic oils is absorbed instantly and moisturizes hair more deeply than ever, leaving it revived and silky. Smart.
